CK 20 trend LCD

RAPID HEATER

PRODUCT-NO.: 236653

A strong performance from a compact appliance

If you need heat particularly quickly, this rapid heater is perfect for you. It produces your preferred temperature straight away and does not require much in return: a power socket is all that is needed to connect this electrical appliance.

Effortless control and enjoyment

The heater is convenient to operate as the temperature controller is very easy to access. It is best to opt for the smallest version if installing the appliance in a particularly small recess.

The main features

- Wall mounted convector – ideal as a supplementary heater or interim heater in spring/autumn
- Very quick heating of rooms
- Compact appliance in a plastic casing
- Operating controls with illuminated LCD screen
- Weekly timer, frost protection and open window detection
- Control unit with self-learning capability: automatic calculation of the preheat time in timer mode
- Maximum safety thanks to three-stage overheating protection

Type	CK 20 trend LCD
Part no.	236653

Technical data

Power supply	1/N ~ 230 V
Rated voltage	~230 V
