

DATA SHEET

| | |
|---|---|
| Product Code: | Z0JP250 |
| Description: | 1 Gang 1 or 2 Way 250W Trailing-Edge Intelligent Dimmer |
| TRAILING-EDGE DIMMERS Trailing-edge dimmers present a gentler waveform to the lighting load. Not only is this likely to extend the life of the lamps but it also ensures the best possible dimming of awkward lighting loads is achieved. | |
| Intended Applications: | Domestic lighting circuits including dimmable LEDs |
| Unsuitable Applications: | Not suitable for outdoor use Wirewound transformers |
| Features: | Intelligent overload protection Superior trailing-edge control Soft start |
| Applicable Safety Certification: | BS EN 60669-2-1 |
| Manufacturer | Doyle & Tratt Products Ltd, Carylls Lea, Faygate, West Sussex, RH12 4SJ, UK. |
