Ezewarm Wifi Radiators

eze**warm**
a warmth for every season

Mode Setup:

- ▶ In standby Mode press and hold the “+” button for 5 seconds.
- ▶ F0 - Temperature Compensation.
- ▶ F1 - Occupancy Function.
- ▶ F2 - Open Window Function.
- ▶ F3 - Child Lock Function.
- ▶ F4 - Wifi Function.

- ▶ By entering this menu you can switch on or off each function and set timings.

Time Setup:

1. Press and hold the Mode Button to select timing mode.
2. Press mode button for 5 seconds until the “hour” icon flickers. (please note that the program will automatically change to “minute” set up if the hour mode is left unchanged for 30 seconds).
3. Press the + or - button to set the hour.
4. Short press the mode button to select the “minute” program mode.
5. Press the + or - button to set the minute value.
6. Short press the mode button to set the day of the week.
7. Press + or - button to set the day of the week as follows:
 - 1 = Monday
 - 2 = Tuesday
 - 3 = Wednesday
 - 4 = Thursday
 - 5 = Friday
 - 6 = Saturday
 - 7 = Sunday
8. Press mode button to complete the time and day setup.

Wifi Mode Setup:

- ✔
 - ▶ Download the Wifi App from the iOS or Android store. Search for Radistar App.
 - ▶ Once you have downloaded the App you need to register.
 - ▶ Follow the instructions on the App to add the device.
 - ▶ Once you have set up the App and connected to the wifi network press the mode button to enter the Wifi mode which is when the following symbol appears: 
 - ▶ You can now control the radiator using your mobile device on the Radistar App.
 - ▶ When you have downloaded the app and with the screen in standby mode (figure 1) press and hold the mode button  until the wifi icon flashes and a 60 second countdown begins (figure 2), this will connect the wifi and the radiator.

Occupancy child lock Mode Setup:

- ▶ Press the mode button to enter the Occupancy mode which is when the following symbol appears:

- ▶ You can now set the time that you want the occupancy mode to begin operation when the unit senses that there are no humans or moving objects detected.

- ▶ The timing choices are 0, 15, 30, 45 or 60.

- ▶ **Child Lock Mode:**

- ▶ To activate the child lock feature press the + and – buttons simultaneously for 5 seconds until you see the symbol appear.

- ▶ Now the screen is locked and the only button which can be operated is the on/off button.

- ▶ To release the child lock press the + and – buttons until the child lock symbol disappears.

Program Mode Setup:

- ▶ To enter the program mode press the mode button when the screen is in the standby mode (showing the time and day)
- ▶ Continue to press the mode button until you get to P1
- ▶ Once in this screen P1 is comfort mode. The day of the week is represented by the numbers on the right side.
- ▶ 1 is Monday, 2 Tuesday and so on.
- ▶ To set the time for on/off you can press the – button to move the time slot and + button to toggle between on and off and you can set the 24 hour timer in this manner.
- ▶ Press mode button to change to the next day and set up as required until day 7 Sunday.
- ▶ Then press the mode button again to bring you back to the home screen.
