IP65 Aluminium 6 Module Enclosure

The FuseBox range of enclosures offers a practical solution for commercial, industrial, and where required domestic installations.

Design Features

- ✓ Robust 6 module IP65 aluminium enclosure available in white (RAL9002) or grey (RAL7021).
- ✓ Extra height enclosure, making it ideal for standard RCBOs and AFDDs ensuring plenty of internal space to route cables.
- ✓ Complete with tail clamp which can be fitted in two positions depending on configuration and removable DIN rail making first fix easy.
- ✓ Empty enclosures are supplied with neutral cable and busbar allowing the installer to configure on site and populate with FuseBox devices of their choice.
- ✓ Base and front cover can be sealed with wire tag for security and drop down lid to ensure IP65 rating.
- ✓ Designed for external and internal use.
