

WMCS50N

IP20

50A DP Ceiling Switch With LED Indicator

Technical characteristics

Architecture

Number of keys 0

Configuration

Switch mode 2pole

Main electrical features

Frequency 50/60 Hz

Dimensions

Depth 63 mm

Height 86 mm

Width 86 mm

Materials

Colour white

Material Urea-formaldehyde

Installation, mounting

Imprint with clear terminal markings

Scope of delivery

Component with 2 fixing screws M3.5 x 30 mm

Equipment

Lighting with integral neon lamp

Identification

Designation syntax: Core designation/function Pullcord switch
